It is the policy of the RVFCA that a cash donation for the good of a person or entity, may be issued from RVFCA funds upon the majority vote of the membership. The donation is specifically limited to a legitimate charity as defined by US Tax Code. The amount to be donated *should* not exceed a total of \$200.00.

In the rare occasion, where a decision to donate money is required, and the Association as a whole is not available to vote, then the decision may default to the Executive Board for approval. At the next membership meeting, the Executive Board will inform and document said action taken on behalf of the RVFCA.
